Computer & Office Room Air Conditioner

Portable Air Conditioning & Spot Cooling Solutions

Delivering the highest cooling capacity possible from a standard 115V power source, the Office Pro 18 portable air conditioner acts as a computer room air conditioner to help companies cool their heat-sensitive office systems and protect against the loss of data. The Office Pro 18 features easy-to-use programmable controls that allow automatic operation after-hours or during weekends when heat can cause damage to expensive office equipment. In addition, the unit may be configured to allow dehumidification as well as cooling, making water damage restoration quick and easy.

The Office Pro 18 makes spot cooling solutions a breeze through its self-contained, portable design. No costly installation is necessary because the Office Pro 18 portable air conditioning unit can simply be wheeled in, plugged into a standard 115V power source, and switched on to instantly provide up to 16,800 Btu/hr. To learn more about this product, please see the available downloads or contact us with any questions. This unit is available for rental or purchase through your local MovinCool dealer, which can be located using the online dealer locator.
